

Want to know how to help your teenager with career ideas?

'Parents are the greatest influence on young people's career choices'

- 100% of parents think it is important to be involved with their child's transition
- 80% of young people said they would seek help from parents for making decisions
- Only 20% of parents feel they currently have sufficient knowledge of employment and training options to help their child make a decision about what to do after leaving school.

How much can you help?

- Do you know about the education, training and employment options available to them?
- Will you know how to help them choose subjects for Year 9 and beyond?

What is VET, SACE & ASBAs?

What is the difference between TAFE & University?

Can my child do VET and still get an ATAR to go to university?

Where can we find relevant career information?

Should my child do work experience or volunteer?

What sort of jobs are out there?

What is a traineeship or apprenticeship?

Can my child begin an apprenticeship whilst at school?

What are employability skills? What skills are employers looking for?
